After receipt of the registration, you will receive a registration confirmation with all further information by email. We will send you detailed information and a health questionnaire in good time before the encounter.

EVEA - General conditions of participation

1. Participants:

Participation in our events is basically possible for all young people from the Eifel and Ardennes as well as from the neighbouring regions. Depending on the type of event, restrictions on participation (e.g. age, educational level, country of origin) can be specified. For the participation of people with health restrictions, an agreement with the organizer and the responsible leader of the respective meeting is necessary.

2. Contracting parties:

The organizer of the youth projects is the International Youth Commission of the European Association for Eifel and Ardennes (EVEA) unless another organizer or co-organizer is specified in the individual announcement. The participant is the registered person; for minors, the consent of a legal representative is required.

3. Registration:

The registration takes place with the completed and signed registration form, which is given for the respective encounter. This can be sent by email, fax, or post. In the case of minors, the registration must be carried out and signed by the parent or legal guardian. In addition to the registration form, participants can request additional documents at selected encounters (special qualifications for musicians, health questionnaires, swimming certificates, etc.).

4. Terms of payment:

Upon receipt of the registration form, participants will receive a confirmation of registration and an invoice, usually in electronic form. The registration becomes binding as soon as the participation fee or the shown down payment has been transferred. Possible remaining payments are to be paid no later than 4 weeks before the encounter or by the date specified in the request for payment.

5. Cancellation:

BY THE PARTICIPANT

If you cancel up to 4 weeks before the start of the event, you will be charged a processing fee equal to the deposit (€60 / €200 depending on the event). If you cancel later and no replacement can be found, you will be charged the full participant fee. It is the participant's responsibility to take out travel cancellation insurance if necessary.

BY THE ORGANIZER

The EVEA can withdraw from the participation contract up to 4 weeks before the start of the project if this is necessary for organizational reasons or if the minimum number of participants is not reached. Participants who have already registered will receive a corresponding notification no later than 4 weeks before the start of the encounter. In such a case, the participation fee already paid will be fully reimbursed. In this case, EVEA will endeavour to make a replacement offer.

EXCLUSION OF THE PARTICIPANT

By registering, the participant agrees to fit into the group community, to take part in the event program and to follow the instructions of those responsible (management and support team) as well as to respect the customs and traditions of the host country.

If, despite a warning from the team or the responsible leader, the participant violates specified or agreed rules or existing laws, customs and traditions of the host country and endangers the co-existence in the group, he can be excluded from further participation by the organizer EVEA. Any trip home and the associated costs are the responsibility of the parents or legal guardians.

6. Protection of data privacy:

The applicable data protection guidelines are observed. Personal data are only recorded for the purposes of the respective event and treated confidentially. By participating, the participant declares that he or she agrees that the video and audio recordings made during the project and on which he can be seen may be used by the organizer EVEA for publication.

EVEA – Medical card 2025

Please fill out this questionnaire carefully so that we can guarantee good and conscientious care for your child and so that we can optimally prepare and adjust to the needs of your child.
